

PROJECTWORMS

Working Together to Tackle Anthelmintic Resistance

We are delighted to launch Project WORMS!

Project WORMS recognises that veterinary teams and owners need to work together to tackle resistance to worming products. A responsible approach to the use of wormers is crucial to maximise animal welfare and ensure we have effective products available in the future.

We are looking for horse owners/keepers and stud owners/managers to complete a short questionnaire about how they currently control worms in their horses.

WIN £100 LOVE2SHOP Vouchers!

The horse owner survey should take approximately 10 minutes to complete, and the stud owner/manager survey around 20 minutes. Your responses are anonymous, but you can at the end be transferred to put your details into a prize draw to win £100 'Love to Shop' vouchers.
